DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a Telephone interview with Fredrik Molborn, Reg. No. 48,587 on May 10, 2005.

2. The application has been amended as follows:

Cancel claims 9-12.

3. Claims 1-8 and 13-23 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Applicant's arguments that Kukura and Chandranmenon do not teach the claimed limitations are persuasive. None of the cited art teaches the steps of initializing an offset variable to zero, determining whether there is need to know the position of the byte in the sub-message with respect to message send from one ORB to another ORB, reading the offset variable, constructing the sub-messages and sending the constructed message from one ORB to another ORB.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
